

Why Organo Coffee + Spores?

The Difference from Traditional Coffees

Why Reishi/Mushroom-Based Coffee?

Gandomera (or reishi) is a superfood that has been used for thousands of years and is known as the mushroom of immortality in both Chinese and Japanese medicine. This one mushroom contains:

15x higher Magnesium content than broccoli
8x higher Omega-3 content than tuna
7x higher Vitamin C content than oranges

6x higher Calcium content than milk
3x higher Iron content in spinach
3x the Antioxidants in blueberries

Why Organo is Better than “Other” Mushroom Coffees

Organo has a patent on this specific type of coffee and reishi. Most reishi is grown artificially in plastic bags and tubes or on grains; **Organo ganoderma (reishi) is organically grown on real tree logs in the Wagyu Mountains of Asia-** as nature intended.

Additionally, they specifically **remove the harmful acids from coffee** and the spores that they infuse into it **slow the caffeine response in the body and decrease its absorption to only 9-15 mg of caffeine** (*compared to 95 mg in a regular cup of coffee*). Some who can't even tolerate decaf coffee have done amazing drinking King!

Reishi Coffee	Regular Coffee
Tested for mold	Usually very moldy
Not acidic	Very acidic; harsh on stomach
Decreases impact of caffeine	High caffeine causing jitteriness
Soothes adrenals	Taxes the adrenals
Supports immune system, sleep, hormones, gut health	Harm to adrenals hurts hormones
Decreases inflammation + protects from EMFs/radiation	Increases inflammation/blood sugar issues

How to Order

I suggest [trying it out first to see if you like it](#), but if you do plan to continue usage, **the most cost-savings way is to set up a Wholesale account. For reference, one serving of King wholesale is \$1.40- aka much cheaper than any Starbucks drink will ever be!**

Distributer/Wholesale Account	Retail Account
<p>The most cost-effective way to buy is to set up a wholesale account- called "distribution partner."</p> <p>It is \$49.95 for the first year and \$25 per year every year thereafter. The account can be used just like a Costco account in that there are NO monthly minimum purchases and you NEVER have to sell the products if you don't want to.</p> <p>If you wanted to offer it to others, you could make a small profit off each sale but most people open the distribution partner account simply to purchase their own products.</p> <p>With this account you save 33-40% on ALL products for the entire year.</p>	<p>If you do not wish to sign-up for a Wholesale / Distributor account you can sign-up for a Retail account and then create an Autoship order.</p> <p>With autoship the price of King Coffee goes from \$59 per box down to \$47.20 per box and you don't have to sign up as a wholesaler.</p>
